

JEE Main Physics Formula Guide

Exam: JEE Main 2026 | Stream: Engineering | Subject: Physics

Curated by TheCampusNova Verified Academic Guild

Core Chapters: Kinematics, Thermodynamics, Electrodynamics

1. Kinematics: $v = u + at$, $s = ut + 0.5at^2$, $v^2 = u^2 + 2as$
2. Work-Energy Theorem: $W_{\text{net}} = \Delta K = 0.5 \cdot m \cdot (v_f^2 - v_i^2)$
3. Gauss Law: Total electric flux through closed surface = $Q_{\text{enclosed}} / \epsilon_0$
4. Exam Hack: Always verify units and dimensions before substituting numerical values.
